

2023 Year in Review

2023 Harvest!

Our Colterris estate vineyards are recovering well and our harvest yields have increased greatly in 2023! We are excited for the release of our 2023 vintage wines, including our highly sought after white and rosé wines!

Introducing the Plum Creek Heritage Wines

We are thrilled to introduce our new Plum Creek Heritage line inspired by our recent acquisition of Plum Creek Cellars. Plum Creek Cellars, founded in 1984 was one of Colorado's oldest and most important modern-day wineries. The wines from Plum Creek were the first to gain widespread national recognition and chart the course for the future of Colorado's premium wine industry.

Colterris is proud to continue this legacy and pay a special tribute to these wine pioneers by creating Plum Creek Heritage Wines.
